Cancer Care Champion

Making a real difference in the lives of people with cancer

“it was an enormous relief when I discovered the Cancer Care Centre”

The news was scary. The doctor had told India she had a particularly aggressive tumour on her breast. He described it as triple negative, meaning it wouldn't respond to newly developed drugs which have proven so effective against other types of breast cancer.

As a single mother of just 42, India's immediate thoughts turned to her daughter of just 14. How was she going to break the news? “I found it so hard having to be strong for my loved ones” she says, “so it was such an enormous relief when I discovered the Cancer Care Centre.”

“When I spent time at the Cancer Care Centre I didn't have to watch everything I said out of fear of upsetting someone”, she says. “Everyone understood what I was going through, and it became my home away from home”.

India survived her aggressive cancer and the experience turned her life around in so many ways. She is now studying for a diploma in counselling so she can help others confronted by cancer. She teaches meditation and is a regular volunteer at the Cancer Care Centre.

“Cancer Care Centre is really focused on helping people experiencing the fear and uncertainty caused by cancer”, India says.

“Having lived through this experience I can't imagine a better cause to support”.

Real help for people who need it most

Our Cancer Care Champions help people dealing with cancer, along with their families.

How your donation helps

Your donation ensures every client of the Centre has vital access to our Courses, Support Groups, Professional Counselling and Complementary Therapies (including Oncology and Lymphatic drainage massage).

Your support will contribute to a client like India receiving subsidised access to our flagship course 'Journey to Wellness' and also 'Mindfulness for Cancer Stress' (normally \$300 each).

You will also assist us in future planning to provide more courses, guest speakers, and health inspired workshops to address the needs of our clients.

How it works

A commitment to a monthly automatic payment over 12 months enables us to continue to help individuals through their cancer journey.

Cancer Care Champions' tax deductible support is acknowledged in the Healthy Living magazine and within the Centre. Champions are also invited to participate in activities within the Centre from time to time as part of the supporter community.

One off donations of any size are also valued.

Cancer Care Champions Registration form

Name _____
